

Botucatu: July, 21, 2020

Dear Editor,

We are submitting our manuscript entitled “**A first report of crustaceans (Anomura and Brachyura) from Laje de Santos: A no-take marine reserve in southeast coast of Brazil**” by: Moraes IRR; Davanzo TM; da Silva A; Cobo VJ; Alves DFR; Santana W; Mantelatto FLM and Castilho AL.

If appreciated and approved, we kindly ask you to publish it in “*Revista Mexicana de Biodiversidad*”. Authors believe that manuscript provides relevant information about biodiversity decapod fauna from Brazilian waters, and it matches with the relevance of the present periodic and the scope proposed by the *Revista Mexicana de Biodiversidad*.

We guarantee that the manuscript has not send to any other journals for consideration at the same time we are sending to *Revista Mexicana de Biodiversidad*.

**Name of reviewer:** Parinya Limviriyakul
